MINUTES:

I. Welcome and Introductions

Jillian Hasner, Board Chair

Ryan West, Chief Executive Officer, welcomed two new members to the Board, Board Chair Jillian Hasner and Brea Rassmussen Gelin. Chair Hasner called the meeting of the Florida

Healthy Kids Corporation (FHKC or Corporation) Board of Directors (Board) to order at 9:03 a.m. She reminded Board members of their fiduciary duty to act in the best interests of FHKC, the children, and families it serves. Chair Hasner also reminded members of their primary duty to exercise independent judgment for the overall benefit of the Corporation and not for the constituency, association, or agency they otherwise represent. Precious Boatwright called the roll and determined a quorum was present.

Chair Hasner welcomed special guests Melanie Hall, Florida Association of Children's Hospitals; Geoffrey Adams, Law, Redd, Crona & Munroe; and Kyle McClone, Milliman, and those attending in the audience and on Teams.

II. Consent Agenda

Leon Biegalski, Florida Healthy Kids Corporation

Leon Biegalski, Chief Legal Officer, was recognized to present the Consent Agenda. Chair Hasner asked for a motion to approve the Consent Agenda. Dr. Robert Karch moved the motion; Andrea Gary seconded the motion.

**ACTION: Approve the Consent Agenda.
 This motion was approved.**

III. Executive Reports

Chair Report

Jillian Hasner, Board Chair

Melanie Hall, Florida Association of Children's Hospitals

Chair Hasner began her report by sharing a story from one of the Children's Health Insurance Program (CHIP) families FHKC serves. This story was submitted to the Corporation by one of the health plans to showcase the program's real-life impact.

A. Florida KidCare + Children's Hospitals: A Longstanding Partnership

Melanie Hall began her presentation by providing background and history on herself and the Florida Association of Children's Hospitals (FACH). The Association was organized to enhance and improve children's healthcare in Florida by focusing on patient care, education, research, and child advocacy. FACH hospitals provide 58.6 percent of all pediatric ICU beds, 28 percent of pediatric trauma care, 60 percent of NICU level IV beds, and 62.5 percent of pediatric organ transplants while representing less than five percent of all Florida hospitals.

In partnership with FHKC, FACH has provided training to the financial services, social work, and revenue maximization departments of member hospitals. The focus of this partnership is advocacy, training and education, and process improvement.

Chief Executive Officer Report
Ryan West, Florida Healthy Kids Corporation
Bobby Gorantla, KPMG

A. Corporate/Board Governance Documents

Mr. Biegalski informed the Board that most of the governance documents were updated last year and there were no recommended changes to the Bylaws, Standard Code of Conduct, or the Committee Charters for Community Outreach and Marketing, Operational Efficiency and Quality, or Finance and Audit.

The one document with proposed changes is the Internal Audit Activity Charter as recommended by the Internal Auditor. The two biggest, yet non-substantive changes are the introduction of numbering and lettering to facilitate easier referencing of the charter and the addition of versioning at the bottom of the document. Other changes are also not substantive to the charter's charges but simply reflect wordsmithing.

Chair Hasner asked if there was objection to addressing all Corporate Governance Documents as one motion. As there was no objection, she asked for a motion to approve all Corporate/Board Governance Documents. Commissioner Dave Eggers moved the motion; Brea Rasmussen Gelin seconded the motion.

**ACTION: Approve All Corporate/Board Governance Documents.
This motion was approved.**

B. KidCare+

Federal CMS continues to review how they want to proceed with pending issues and both parties (AHCA/CMS) are exploring avenues to move forward that would remove the need for further litigation. The lawsuit is based on the disenrollment of families who do not pay a monthly premium. This is intertwined with KidCare+ implementation.

FHKC is staying engaged with state agency partners and its third-party administrator, Maximus, to ensure alignment when final approval is granted. When pending issues are resolved, FHKC will communicate premium changes to families and make last-minute system changes. Ashley Carr, Chief Marketing Officer, and team have created a communications campaign which FHKC will unveil at the appropriate time. The Board will continue to be updated on this issue.

Dr. Steve Freedman asked Mr. West to talk about what KidCare+ is for those who were not around in 2023/24 sessions. Mr. West explained that KidCare+ is a result of HB 121 being passed by the legislature in 2023 and signed into law by Governor DeSantis raising the eligibility threshold for the CHIP program from 200 percent to 300 percent.

Dr. Freedman asked how many kids would be affected once implementation happened. Mr. West responded it would be approximately 27,000 to 40,000 new kids. *(time stamp – 29:57)*

Chief Operating Officer Report
Suzetta Furlong, Florida Healthy Kids Corporation
Lindsay Lichti, Florida Healthy Kids Corporation

A. Looking Ahead

Suzetta Furlong, Chief Operating Officer, was recognized to provide the COO report. She informed the Board that KidCare enrollment has steadily increased from the low point in May 2023 (110,082 children). As of January 2026, enrollment is over 196,000.

Ms. Furlong gave updates on the TPA implementation regarding the new contract and system, which will provide new ways to communicate with families, a new business intelligence platform, and more vendor accountability.

Healthy Kids is working with its actuary, Milliman, and the health and dental plans to develop rates for the next state fiscal year. These rates will be presented to the Board at the next meeting.

Federal regulations require states to conduct an audit of claims and encounter data every three years. The Board previously approved funding for the dental periodic audits, which is underway. Staff will present the audit proposal for the health plans at the next Board meeting.

B. Health and Dental Quality Reports – Part 1

Lindsay Lichti, Deputy Director of Plan and Quality Management, began the reports by explaining that FHKC is required by federal regulation to conduct external quality reviews by independent organizations. Qsource, the Corporation's external quality review vendor, assesses quality, access, and timeliness of care involving detailed data collection and analysis.

The presentation covered half of the annual EQRO activities. The remainder will be presented at the next Board meeting. The activities discussed included the compliance assessment and performance measures. The compliance assessment is conducted over a three-year period. This allows Qsource to conduct a more thorough review and ensure that findings from the previous year are corrected timely. The health plans all scored 100 percent on compliance activities for this past year. The dental plans scored 93 percent or higher.

A selection of the performance measures were presented. Not all performance measures can be presented because there are over well over 100 data points per plan because of the number of submeasures and breakouts. Measures presented include well-child visits, vaccination rates, follow-up after hospitalization for mental illness, and dental care utilization.

Dr. Freedman asked if the combinations 1 (Meningococcal & Tdap) and 2 (Meningococcal, Tdap, & HPV) immunizations were additive. Ms. Lichti responded each one is measured independently but for combination 1 and 2 it's looking at the pool of enrollees who received combination of one or both. When looking at Tdap, it could include those who also received Meningococcal or just Tdap. *(time stamp – 45:11)*

Ms. Gary asked if there was a target for the plans or if it was the national median regarding well care visits and follow up after hospitalization for mental illness. Ms. Lichti responded there is no formal target or liquidated damage attached to those metrics. FHKC assesses them but there is no consequence or benefit to the plan. *(time stamp – 48:35)*

Dr. Freedman asked Ms. Furlong to provide the distinction between Healthy Kids and KidCare. Ms. Furlong stated that KidCare is the brand comprising Medicaid for children, MediKids, the Children's Medical Services (CMS) Health Plan, and Florida Healthy Kids. Many people consider Medicaid to be separate, so Florida KidCare includes the Children's Health Insurance Program (CHIP) funded by state and federal dollars and the Full-Pay program, primarily paid by the family. KidCare includes Healthy Kids which cover children five years of age through their eighteenth year. MediKids cover children one year to five years (then they age up to Healthy Kids). The CMS Health Plan is a CHIP only program covering children who meet certain clinical eligibility requirements determined by the Department of Health. The Agency for Healthcare Administration administers the health and dental insurance benefits for both CMS Health Plan and MediKids. FHKC administers the eligibility and enrollment for entire KidCare population except Medicaid which is administered through the Department of Children and Families. *(time stamp – 49:20)*

Dr. Peggy Aune asked if the provider not being available to the family was a factor regarding the follow-up within seven days after hospitalization for mental illness. Ms. Lichti responded it is variable. It depends on the individual child's family who may also be facing multiple barriers. *(time stamp – 51:41)*

Ms. Rasmussen Gelin asked when the performance improvement plan (PIP) was triggered and if it was when performance fell below the national median. Ms. Lichti responded the PIPs are from a federal EQRO sense which is a formal process improvement almost scientific study activity that is very prescriptive at the federal level and not due to failure to perform. It is not punitive or triggered by anything. There are a set number of PIPs typically conducted over a three-year period which are validated by the EQRO according to the federal regulations. *(time stamp – 52:25)*

Ms. Gary asked if telehealth visits would factor in regarding provider availability following hospitalization within the seven-day requirement. Ms. Lichti responded she would have to check the PIPs but believed they would. *(time stamp – 53:57)*

C. Population Health Report

The Population Health Report focused on the cost of providing services to CHIP enrollees compared to Full-Pay enrollees. Mr. West noted prior to the presentation specifically as it

related to the full-pay plan, FHKC has been in ongoing discussions with legislative budget staff regarding the program, specifically the funding methodology for the program and upward pressure on costs related to the program. The statewide budget projections appear to be tightening. Projections are showing that the state will need to increase its subsidization of the program in the coming years to maintain current family premiums. Legislative staff has requested a myriad of analysis and data from the Corporation's actuaries to better understand this issue. This appears to be FHKC's only legislative issue for this session.

Dr. Freedman requested an analysis of how many enrolled Healthy Kids would have been in or clinically eligible for CMS and the impact on KidCare. Ms. Furlong thanked Dr. Freedman and stated it has been looked at in the past and can be provided. Ms. Furlong noted that families can opt out of CMS. If they qualify for CHIP, they can choose to be in one of those programs per statute. *(time stamp – 57:28)*

Scoliosis was the top musculoskeletal diagnosis, ADHD was the top behavioral health diagnosis, and acute pharyngitis was the top respiratory diagnosis by cost for all enrollees. Cerebral palsy was the top neurological diagnosis and Crohn's disease was the top digestive diagnosis for full-pay.

Full pay enrollees make up 17 percent of the KidCare population and drug costs are approximately \$22,900,000. CHIP enrollees make up 83 percent, and their costs are approximately \$31,100,000. The top specialty drug is Somatropin (growth hormone) and the top non-specialty drug is Fluticasone Propionate HFA (allergy medicine). The full-pay spend tends disproportionate to enrollment size in most categories, particularly in drug costs and inpatient diagnoses.

Emergency department visits are generally in line with full-pay and CHIP enrollment ratios. Paid claims are slightly more expensive for full-pay than CHIP. For outpatient spend, 34 percent of it was incurred by full-pay. Telehealth visits more closely reflect the enrollee ratio. \$2,100,000 approximately for full-pay compared to \$6,300,000 approximately for CHIP.

The gap for high-cost claimants (those with spends of over \$100,000) continues to grow exponentially. In SFY 21/22, high cost claimants cost \$23.8 million for full-pay and under \$17.5 million for CHIP. By SFY 24/25, high claimant costs for full-pay neared \$70,000,000 compared to \$41,000,000 for CHIP in .

Dr. Freedman complimented Ms. Lichti's presentation and asked if data was available for the effect of HB 121 on the full-pay population. Ms. Furlong stated FHKC could provide the information. *(time stamp – 1:13:35)*

Chief Financial Officer Report
Antonio Murphy, Florida Healthy Kids Corporation
Kyle McClone, Milliman
Geoffrey Adams, Law, Redd, Crona & Munroe

A. Milliman Full-Pay Analysis

Antonio Murphy, Chief Financial Officer, was recognized to present the CFO report. He introduced Kyle McClone of Milliman to present the Full-Pay Analysis. The analysis covered the changes in both the CHIP and full-pay programs. A slow uptick (drop during COVID and Medicaid redetermination) was shown in the subsidized enrollment numbers with trends of four to eight percent annual cost increase. The steady uptick in the full-pay enrollment numbers has continued. The cost of this population continues to increase at a rapid rate with trends of 20 percent annually. This is far beyond industry standard trends.

Mr. McClone concluded that if trends continue the way they are, the statute required \$5.00 (roughly two percent) yearly increase in the family contribution to premium will not sustain the 20 percent yearly cost increase. Potential options for the full-pay program are being considered.

Ms. Gary noted that for chronically ill children or those with chronic conditions there is no full-pay option. CMS is only subsidized. Those children who are eligible for KidCare, Healthy Kids is their only option which is why you see some of those children intermingled in that population and not on a CMS plan because the income is prohibitive. Mr. McClone agreed and stated that is why HB 121 would shift those individuals in that 200-300 percent range that are enrolled in the full-pay plan that would meet CMS eligibility.

B. Year-to-Date Unaudited Financial Statements

Mr. Murphy reminded the Board that the Corporation is set up as a component unit of state of Florida government, meaning that although the Corporation was created by law and a legally separate organization, the Corporation's financial information is included in the state's annual financial statements.

Child enrollment in the Corporation's CHIP and Full-Pay programs is what primarily generates revenues and expenses, it is expected that annual enrollment activity shapes the financial statements. The Consolidated Statement of Revenues and Expenses Compared to Budget showed the breakdown of both the Corporation's revenue and expenses by category. The Corporation's current fiscal year revenue was \$211,000,000 as of November 30, with expenses totaling \$209,700,000. This illustrated that the Corporation was operating within the financial budget previously approved. Through November 30, the Corporation's operating expenses represented 40.6 percent of the total budget for the fiscal year. This spending was on target for the first five months.

The Statement of Net Position showed that as of November, the Corporation closed the month with total assets of \$45,800,000, liabilities of \$31,700,000, and a Net Position of \$14,100,000. This was an overall increase from June 30, 2025, by \$1,400,000. This increase was attributed to gains in the Corporation's Full-Pay program.

Chair Hasner asked for a motion to approve the Year-to-Date Audited [SIC] Financial Statements. Commissioner Eggers moved the motion; Dr. Karch seconded the motion.

**ACTION: Approve the Year-to-Date Audited [sic] Financial Statements.
This motion was approved.**

C. Fiscal Year 2025-26 Budget Amendment

This was the second Budget Amendment this fiscal year to keep the Corporation's budget aligned with the state's budgeting system and legislative budgeting data. The adjustments are based on the KidCare Caseload and Expenditures Social Services Estimating Conferences held this fall. The revenue and expense adjustments have been adjusted to match current enrollment trends. In net, the adjustments to the previously approved Budget Amendment decrease Revenues by \$11,700,000 or two percent, with an offsetting adjustment to insurance carrier and TPA costs. With this amendment, there is an increase to the Staff & Board category of \$5,000 with an offset to the Other category having a net effect of zero. The amended Operating Budget is balanced as there is no increase or decrease in the calculated Change in Fund Net Position and this amendment has no impact on the use of the Corporation's private funds.

Chair Hasner asked for a motion to approve the Fiscal Year 25-26 Budget Amendment. Ms. Rasmussen Gelin moved the motion; Commissioner Eggers seconded the motion.

**ACTION: Approve the Fiscal Year 2025-26 Budget Amendment.
This motion was approved.**

D. Cyber Security Internal Audit

Geoffrey Adams of Law, Redd, Crona & Munroe presented the Cyber Security Internal Audit. He informed the Board that the follow-up showed all previous findings had been resolved.

Chair Hasner asked for a motion to approve the Cyber Security Internal Audit. Commissioner Eggers moved the motion; Dr. Aune seconded the motion.

**ACTION: Approve the Cyber Security Internal Audit.
This motion was approved.**

E. Internal Audit Plan

Mr. Adams stated Phase 3 of the Cybersecurity Controls was the next step of the Internal Audit and provided an outline for the remaining steps of the plan regarding Maximus and procurements.

Dr. Aune asked if the Parent Portal and app were part of the review. Mr. Adams responded the parent portal would be in scope, as Ms. Furlong pointed out that the app was not active.

Chair Hasner asked for a motion to approve the Internal Audit Plan. Commissioner Eggers moved the motion; Ms. Gary seconded the motion.

**ACTION: Approve the Internal Audit Plan.
This motion was approved.**

Chief Marketing Officer Report
Ashley Carr, Florida Healthy Kids Corporation

A. Marketing and Advertising

Ashley Carr, Chief Marketing Officer, provided an overview on “Drop the cost, not the care,” “Health Insurance 101,” and “KidCare +,” and the milestone campaigns.

B. Community Outreach and Partnerships

The back-to-school events resulted in over 90,000 individuals educated with 367 speaking roles/materials provided at 316 events. The partner goals exceeded expectations by 293 percent.

The two training modules in Absorb LMS resulted in 421 individuals being educated on KidCare.

Dr. Freedman lauded the achievements of the assisters and how inspiring their passion and care is when helping the families. Ms. Carr agreed, stating it was a wonderful point and expounded on the assisters relationship with FHKC staff. *(time stamp – 2:12:51)*

Ms. Rasmussen Gelin asked if there was a noticeable uptick in enrollment due to the ending of the enhanced tax credits. Ms. Carr responded FHKC would have to look at that as the data presented was through December which shows a positive trend; however, due to seasonality November, December, and January usually show a dip in enrollees. *(time stamp – 2:14:50)*

IV. Other Business

Chair Hasner opened the floor to the Board and then the public for comment. Hearing none, she opened the floor to the Board extending the opportunity to share any announcements. Chair Hasner informed the Board the next meetings have been finalized, shared the dates, and said the remaining 2026 dates will be sent out by email. With no other business to discuss, Chair Hasner requested a motion to adjourn the meeting. Dr. Jose Armas moved the motion. Ms. Gary seconded the motion. The meeting adjourned at 11:16 a.m.

**ACTION: Adjourn Meeting.
This motion was approved.**

2.2 FHKC’s Right to Renew Contract

This Contract may be extended at FHKC's option for up to 2 one-year renewals at FHKC’s sole discretion beyond the initial term indicated above. The Parties acknowledge the renewal of the Contract is contingent upon satisfactory performance as determined solely by FHKC and subject to the availability of funds. Vendor may not charge costs associated with the renewal or extension of the Contract.

2.3 Amendments to the Contract

This Contract may be amended by the mutual written consent of the Parties at any time. Except as expressly specified in this Contract, any changes, modifications, or deletions to this Contract shall be in writing and must contain the signature of (a) Vendor’s president or authorized representative and (b) FHKC’s Chief Executive Officer or other authorized corporate officer.

The provisions of this Contract shall be automatically modified without a written agreement to the extent necessary to comply with federal, state, and local laws, ordinances, rules, and/or regulations.

Upon FHKC’s Notice to Vendor, the provisions of this Contract shall be automatically modified without a written agreement to the extent necessary to comply with the requirements of FHKC’s contract with AHCA.

FHKC may unilaterally require changes altering, adding to, or deducting from the Contract specifications, provided that such changes are within the general scope of the Contract. FHKC may make an equitable adjustment in the Contract price or delivery date if the change affects the cost or time of performance. Such equitable adjustments require the written consent of Vendor, which shall not be unreasonably withheld.

The Contract contains all the terms and conditions agreed upon by the Parties, and terms and conditions shall govern all transactions between FHKC and Vendor. The Contract may only be modified or amended as set forth in this Section of the Contract. No oral agreements or representations shall be valid or binding upon FHKC or Vendor. No alteration or modification of the Contract terms, including substitution of Services, shall be valid or binding against FHKC. FHKC’s acceptance of Services or processing of documentation on forms furnished by Vendor for approval or payment shall not constitute acceptance of the proposed modification to the Contract.

2.4 Compensation

Vendor agrees to perform the Services for the compensation proposed by Vendor in its proposal.

Job Title	Principal	Senior Consultant	Consultant	Junior Consultant	Program & Administrative Support
Hourly Rate	\$235.00	\$165.00	\$130.00	\$105.00	\$45.00

The vendor will not exceed the negotiated ceiling prices.

A project-based pricing model may be used by FHKC instead of an hourly rate model to accomplish services, where appropriate. Project-based pricing will be fully detailed in the statement of work and based on the negotiated hourly rates used to award this contract.

Vendor bears the risk of any assumptions Vendor utilized in the development of its response. No additional compensation shall be allowed unless specifically agreed upon in writing by the Parties. In no event shall costs exceed \$50,000 during the time of the contract.

2.5 Invoices

Invoices shall be submitted to FHKC in the format prescribed in advance by FHKC and shall contain sufficient documentation and detail (a) for a proper pre-audit and post-audit thereof and (b) to enable FHKC to confirm whether the amounts set forth on each invoice accurately reflect the amounts due and payable under this Contract (“Proper Invoice”). If FHKC requests additional information regarding an invoice, Vendor shall provide detail or clarification within five Business Days to FHKC for review.

Within 30 Calendar Days of receipt of such detail or clarification, FHKC shall remit payment for any amount that is not a Disputed Amount. If FHKC fails to provide payment as prescribed by this paragraph by the Payment Date, or if any Disputed Amount is resolved to be owed to Vendor by FHKC and is not paid within 30 Calendar Days after the date of such resolution, an interest payment shall be due at a rate as established pursuant to section 55.03(1), Florida Statutes, on the unpaid balance from the time such amount was due until such time as Vendor receives payment for the unpaid balance. Invoice payment requirements do not start until a Proper Invoice is provided to FHKC.

FHKC may delay payment without change in any of Vendor’s obligations under this Contract when such payment delay is the result of any act described in Sections 7 or 9.23, changes to Florida’s Title XXI Children’s Health Insurance Program, lack of legislative funding, or other temporary shortfalls resulting from mitigating actions for an emergency or urgent situation. In the event of such delay, FHKC shall act in good faith to resolve and make the delayed payments to Vendor.

2.6 Disputed Invoices

In the event FHKC disagrees with or questions any amount due under an invoice provided by Vendor (“Disputed Amount”), FHKC shall notify Vendor of any Disputed Amount and the basis for the dispute within 30 Calendar Days after receipt of the invoice. In the event an invoice dispute is not resolved, the Parties shall resolve the dispute in accordance with Section 8 of this Contract.

Vendor shall return to FHKC any overpayments that were paid under this Contract within 30 Calendar Days of identification by either Party.

If FHKC overpays Vendor, Vendor shall refund to FHKC such overpayment together with interest calculated from the date of the overpayment at the rate set forth in section

2.8 Appropriations

As a subrecipient of public funds, FHKC's ability and obligation to make full payment for any provision of this Contract or the performance of any Services is contingent upon receipt of pass-through funding from AHCA, as appropriated by the Florida Legislature. FHKC shall diligently seek funding from AHCA and/or the Florida Legislature to fund the Contract. FHKC may, but is not required to, use monies from other sources to fund this Contract, in whole or in part.

The foregoing does not in any way limit, abrogate, or otherwise modify Vendor's rights or remedies under applicable law, including Vendor's rights to seek a legislative claims bill.

2.9 Payment upon Expiration or Termination

By the later date of 60 Calendar Days after expiration or termination of this Contract or [insert date], Vendor must submit an invoice (as defined in Section 2.5) for final payment or the invoice shall not be honored and shall be returned unpaid. At a minimum, Vendor's contract manager shall provide a secondary contact and the secondary contact's information, including name, email address, and phone number, when the aforementioned primary contact is out of the office or unavailable for extended periods of time.

This section is intended to provide FHKC with primary contacts for key contract functions and shall not limit either Party from working with directly, or indirectly, additional individuals.

4.3 Major Organizational Changes

No change in Vendor's ownership structure or controlling interest releases Vendor from its obligations under this Contract. For purposes of this Section, a change in ownership structure or controlling interest results when a person or entity acquires, due to an ownership interest, control over any aspect of Vendor's business operations, including through an asset or stock purchase.

Vendor shall provide Notice to FHKC within one Business Day after the filing of an application for merger, acquisition, or any other legal or regulatory request to change Vendor's ownership structure or controlling interest, and provide a minimum of 60 Business Days Notice to FHKC prior to the transfer or sale to a wholly owned subsidiary. FHKC may refuse Access to, or require replacement of, any employee, subcontractor, or agent for cause, including technical or training qualifications, quality of work, change in security status, or non-compliance with FHKC's security or other requirements. Such refusal shall not relieve Vendor of its obligation to perform all Services in compliance with the Contract. FHKC may reject and bar from any facility for cause any of Vendor's employees or agents.

4.5.1 Employment Eligibility Verification (E-Verify)

Vendor shall enroll and participate in the Employment Eligibility Verification Program ("E-Verify") administered by the U.S. Department of Homeland Security ("DHS"). Vendor shall provide a quarterly summary of Subcontractor monitoring, including any findings and corrective action taken during the quarter. In FHKC's sole discretion, FHKC may require more frequent monitoring and/or reporting should FHKC determine Vendor's performance, the Subcontractor's performance, other risk, or perceived value of increased reporting frequency compel such change.

Vendor shall have a contingency plan for each Subcontractor to safeguard performance of the delegated obligations should the Subcontractor cease to perform or adequately perform its obligations under the subcontract.

Except as otherwise provided in this Contract, Vendor shall perform annual audits (with on-site audits occurring at least every other year) to verify that all Subcontractors and Subcontractor employees and agents comply with all applicable security requirements under the Contract regarding the handling of Data. Vendor shall be responsible for the costs associated with the audits, investigations, inspections, and reviews. If practical, FHKC shall use reasonable efforts to minimize the

number and duration of such audits, investigations, inspections, and reviews and to conduct such audits, investigations, inspections, and reviews in a manner that shall minimize the disruption to Vendor's or its affiliates', or agents' business operations. Except as otherwise expressly set forth in the Contract, FHKC agrees to share any of its audit findings with Vendor. Vendor agrees to respond to audit findings within 20 Business Days of receipt of the audit findings. In its sole discretion, FHKC may extend the date for responding to audit findings.

Vendor shall cooperate in any audits, investigations, inspections, and reviews conducted by FHKC, FHKC's contracted Vendors, or authorized state or federal agencies for a period of at least 10 years following termination or expiration of the Contract. 6.5 Vendor's Internal Security Controls

6.5.1 System Security Plan

Vendor shall maintain and implement a system security plan that describes the controls within the vendor system aligning with NIST SP 800-18 and the controls in NIST 800-53 Rev 5 moderate controls only, MARS-E, and Internal Revenue Service 1075, as applicable, as related to systems that will contain FHKC data. The system security plan shall include all applicable controls, a detailed system description including systems and services inventory related to FHKC data, detailed description of Data flows and authorization boundaries, role-based Access control model, system security monitoring activities, security clearance/staffing controls policies and procedures, and supporting documentation. The system security plan shall be a living document, which Vendor shall update as follows: (a) no less than annually, (b) when new vulnerabilities or compensating controls are identified that change the security posture or infrastructure, and (c) when additional products and controls are implemented.

Vendor shall provide an attestation attesting to the system security plan within 30 Calendar Days of Contract execution. Vendor shall provide access to the system security plan upon FHKC request to allow FHKC to monitor the Contract or conduct a Contract audit.

6.5.2 Access Control

Vendor shall ensure network security protections are designed to prevent unauthorized network access to and within the internal product infrastructure. These security controls shall align to NIST Special Publication 800-53, Revision 5; MARS-E; and HITECH. Vendor shall actively monitor and manage network security as described in NIST 800-53 rev. 5.

Vendor shall allow Customers; Users; and Vendor employees, agents, or Subcontractors to Access the System based on security and information Access requirements through a web browser. Notwithstanding anything to the contrary in this Contract, Vendor shall:

[amend as appropriate]

- a. Establish role-based Access for Users;
- b. Require account authentication or identity validation;
- c. Limit each User to one account with a unique username and password;
- d. Provide credentialing using two-factor authentication with a requirement for privileged accounts (i.e., Local System Administrators Group (LSAG));
- e. Log and retain all User and System actions for security auditing;
- f. Support the current and previous two versions of iOS and Android operating systems. Within 10 Calendar Days of a new operating system release, Vendor shall determine when the release can be supported and notify FHKC. Vendor shall identify (i) when the system release will be supported, (ii) the activities that must occur to support the operating system release and, (iii) if applicable, the barriers preventing Vendor from supporting the operating system release within 30 Calendar Days.
- g. At no additional cost to FHKC, maintain secure socket layer (SSL) Certificates from Verisign (or comparable vendor using leading, industry-standard SSL certification and encryption) for Accessing the System so the System is secure;
- h. Allow appropriate FHKC personnel, or designees, to have Access to Data being shared through a password-protected interface.

Vendor shall ensure all System environments are secured from unauthorized Access at all times.

6.5.3 Account and Password Security Protocols

Vendor shall establish and enforce secure account and password requirements and procedures for Users and Customers, with documented exceptions, that meet or exceed NIST Special Publication 800-53, including:

- a. Password length between 10 and 64 characters with use of uppercase letters, lowercase letters, numbers, and special characters;
- b. Presenting a real-time indicator of how strong the password is when establishing a new password;

- c. Providing two-factor authentication;
- d. Locking accounts based on incorrect login attempts;
- e. Changing passwords;
- f. Resetting passwords to mitigate an actual or potential security breach;
- g. Providing email notification when the password has been changed;
- h. Providing email notification when the account has been locked;
- i. Providing email notification when the account is unlocked with a password change;
- j. Providing the ability for the Customer or User to recover the login ID (e.g., email the login ID);
- k. Providing email notification when two-factor authentication is changed; and
- l. Providing email notification when the email address is changed.

Vendor's System shall allow full tracking of all User and password changes, password attempts and lockout functionality, and emails initiated.

6.5.4 Network Security Protections

Vendor shall ensure network security protections are designed to prevent unauthorized network access to and within the internal product infrastructure. These security controls shall align to NIST Special Publication 800-53, Revision 5; MARS-E; and HITECH. Vendor shall actively monitor and manage network security as described in NIST 800-53 rev. 5.

Vendor shall ensure all hardware and software meet FHKC's security requirements, and Vendor shall equip all computers with adequate malware protection and encryption using endpoint security and full disk encryption software.

6.5.5 Encryption In-Transit and At-Rest

Vendor shall establish, maintain, and enforce (and Vendor shall ensure its affiliates, agents, and subcontractors establish, maintain, and enforce) a policy that restricts sending email containing any Data that is customarily considered sensitive or confidential in nature. Vendor agrees to encrypt the transmission of all Data that is customarily considered sensitive or confidential in nature. Vendor shall obtain FHKC's approval for the encryption software and procedures used by Vendor. As identified in the system security plan, Vendor shall comply with NIST recommendations for the use of leading industry standards for encryption for electronic PHI transmitted through email. Vendor shall configure Data that is customarily considered sensitive to support leading encryption industry standards.

Vendor may receive emails or other electronic transmissions from FHKC or a Covered Entity containing Data that is customarily considered sensitive or confidential in nature, subject to any appropriate security controls, including those set forth in **[Attachment A: Business Associate Agreement]**; further, in the event of such transmission, Vendor shall protect the confidentiality of such Data.

All Data that is customarily considered sensitive or confidential in nature shall be encrypted while at rest using FIPS (Federal Information Processing Standards)-compliant full disk encryption (FDE) technology, including Data on all laptop computers, tablets, other portable computers, and data storage devices used to Access Data that is customarily considered sensitive or confidential in nature.

6.5.6 Telework and Telecommuting

Vendor shall maintain policies and procedures for telework (e.g., Access by User from a facility where Data does not reside) and telecommuting (e.g., Access by User from home or travel environment). For purposes of this Section, “telework” includes “telecommuting.” Telework policies and procedures and other related documents shall meet the standards required for compliance with all laws and regulations, including HIPAA.

Vendor shall assess risk when developing, implementing, or changing its telework security policy, particularly for those aspects of the telework security policy for which various approaches may provide acceptable safeguards or for which unauthorized Access to PHI or PII is likely to occur without appropriate safeguards. Vendor shall require multifactor authentication or more stringent practices for any level of remote Access.

Upon request, Vendor shall provide FHKC with sufficient information to assure FHKC that appropriate policies, procedures, and practices are in place. Such information is not required to be so detailed that it may present a security risk.

6.5.7 No Offshoring

Except as expressly authorized in this Contract, Vendor and its Subcontractors and agents are prohibited from (a) performing any Services which require Access to Production Data outside the continental U.S., except with FHKC’s prior written approval; (b) sending, transmitting, or maintaining Production Data outside the continental U.S.; or (c) Accessing Production Data from outside the continental U.S. Vendor is specifically authorized to use offshore resources so long as requirements (a), (b) and (c) are met. The Parties agree that a violation of this provision will:

- a.** Result in immediate and irreparable harm to FHKC, entitling FHKC to immediate injunctive relief; provided, however, this shall not constitute an admission by Vendor to any liability for damages under paragraph (b) below or any claims, liability, or damages to a third party, and is without prejudice to Vendor in defending such claims; b.
- b.** Entitle FHKC to recover damages, if any, arising from a breach of this Section. Vendor expressly agrees that FHKC’s recovery of damages in this paragraph (b) is not subject to the limitations in Section 9.20; and,
- c.** Constitute an Event of Default subject to cure under Section 7.2.

6.5.8 Onsite and Telework Security

Vendor shall ensure security requirements are met for onsite and telework locations, as applicable, including the following:

- a. Vendor shall prohibit the printing of PHI and PII without utilization of a personal identification number, passcode, or authentication device associated with the sender of the document;
- b. Except as expressly authorized in this Contract or with FHKC's prior written approval, configure all computers with Access to Data to prohibit the storage of information to any location (other than the network server or central server), including USB/PIN drive, compact disk (CD), DVD, or similar device or drive; to the extent any computer retains such devices, they shall be disabled;
- c. Vendor personnel working offsite or outside Vendor's locations may only Access PHI and PII via Vendor's virtual private network;
- d. Only allow the printing of PHI and PII when necessary, require the on-site shredding of all paper documents when no longer necessary to support the Services, and employ an accredited shredding company to dispose of shredded documents. Vendor shall supervise all on-site shredding activities;
- e. Ensure all printer and computer hard drives are erased, or destroyed prior to surplus, sale, or returned to lessor;
- f. Remind employees frequently of their responsibility to safeguard PHI and PII and require them to report to their manager any suspected instances of security violations and perceived weaknesses in security procedures;
- g. Provide a privacy disclosure policy to its employees and require signatures denoting the employee's understanding of the security provisions of this Contract. Upon request, Vendor shall provide a copy of the employees' signed privacy disclosure policy;
- h. Ensure employees receive annual training regarding information privacy and security. Upon request, Vendor shall provide a copy of the privacy and security training materials and employee training logs to FHKC; and
- i. Immediately report any problems or concerns discovered during the course of business or as a result of an investigation or audit to FHKC.

6.5.9 Production Data Access

Vendor and its Subcontractors shall require all systems containing Production Data to follow, at a minimum, all standard protocols and security compliance guidelines defined by the International Organization of Standardization.

[amend as appropriate]

The following requirements apply to Production Data:

- a. Vendor and its Subcontractors may perform Services and/or Access Production Data from outside of the State of Florida but within the continental U.S. for purposes of (i) implementing or testing the COOP, (ii) providing desktop support services, or (iii) providing/receiving occasional and limited consulting assistance to or from a company affiliated with Vendor;
- b. Members of the LSAG may perform Services and/or Access Production Data from outside Florida but within the continental U.S.;

- c. Persons in the LSAG must be pre-approved by FHKC, which approval shall not be unreasonably withheld. FHKC shall promptly review each request and either state its objections or request more information. Vendor shall advise FHKC's Contract manager of any changes in the LSAG and annually provide FHKC with an updated LSAG Master List as required in [**Attachment XX: Deliverables**];
- d. Employees of Vendor and any third-party software or hardware vendor (but not a Subcontractor) may provide ancillary support to Vendor. These employees may Access Production Data in the course of providing support provided the employee has a documented, legitimate business need to Access the Production Data and the following conditions are met: (i) the employees do not have direct Access to the System; (ii) the Access occurs within the continental U.S.; (iii) there is no practical risk of a breach of PHI under HIPAA; (iv) the restrictions in **Attachment A: Business Associate Agreement** and Section 6.5 are met; and (v) the employees meet the standard background screening requirements for their employer. The Parties acknowledge that this Section does not require any new or additional background screening processes;
- e. In-house legal staff, internal audit staff, outside law firms, and independent auditing firms retained by Vendor may have limited Access to Production Data within the continental U.S. as is customary and reasonable within the scope of their professional engagement and provided the restrictions in **Attachment A: Business Associate Agreement** are met. These persons shall not be given direct Access to the System; and
- f. Vendor may store emails containing Production Data on servers located in secure Vendor work locations outside the State of Florida but within the continental U.S. for employees who are based outside the State of Florida or whose emails are stored on servers located outside the State of Florida but within the continental U.S.

6.6 Liquidated Damages for Late Notice Under Business Associate Agreement

If Vendor fails to provide timely Notice as required by Sections 4.4, 4.5 and 4.6 of **Attachment A: Business Associate Agreement** then FHKC shall be entitled to liquidated damages equal to \$500 per Calendar Day Vendor was required to provide Notice to the Customer or entity until such Notice is provided. These liquidated damages are exclusive of any other right to damages; are not intended to be a penalty; and are intended to compensate for unknown and unascertainable damages associated with FHKC's internal staffing and administrative costs, as well as the diminished value of Services. Vendor's failure to perform these obligations shall also be an Event of Default, subject to cure upon Notice from FHKC as provided in Section 7.2 and shall entitle FHKC to recover any other damages it incurs (including any actual out-of-pocket expenses incurred by FHKC to investigate and remediate the violation) and to pursue injunctive relief.

Section 7: Termination, Default, and Remedies

7.1 Right of Termination

7.1.1 Termination for Cause

FHKC has the right to terminate the Contract in the event Vendor fails to cure an Event of Default as required in Section 7.2 or upon the occurrence of any event that is not subject to cure, as expressly identified in this Contract.

7.1.2 Termination for Non-Appropriation of Funds

FHKC may, in its sole discretion, terminate this Contract by providing 30 Calendar Days Notice to Vendor if the State of Florida and/or U.S. Government does not appropriate sufficient funds to AHCA, or if AHCA does not provide sufficient funding, for FHKC to perform the obligations under this Contract. The Contract shall terminate on the last day of the month in which sufficient funds were appropriated or funded, subject to the terms in this Contract.

FHKC may, in its sole discretion, extend the effective date of the termination.

7.1.3 FHKC Right to Terminate for Convenience

FHKC may terminate for convenience the Contract, in whole or in part, upon 60 Calendar Days Notice to Vendor when FHKC determines, in its sole discretion, that it is in its best interest to do so. Vendor shall not furnish any Services after the date of termination, except as necessary to complete the continued portion of the Contract, if any. Vendor shall not be entitled to recover any cancellation charges, consequential damages, or lost profits. In the event FHKC terminates any portion(s) of the Contract, the portions of the Contract that are not terminated shall continue, and Vendor's sole and exclusive remedy is the recovery of the compensation set forth in Section 2.4 for any of the continued Services performed by Vendor. Any such payment shall be equitably reduced to exclude compensation for the terminated portion(s) of the Contract.

7.1.4 Termination Upon Mutual Agreement

With mutual agreement of both Parties, this Contract, or any part herein, may be terminated on an agreed date prior to the end of the Contract without penalty to either Party.

7.1.5 Termination for Lack of Payment

If FHKC fails to make payments in accordance with the schedule included in this Contract, Vendor may suspend work and pursue the appropriate remedies for FHKC's breach of its payment obligations. Vendor must provide FHKC at least thirty (30) calendar Notice of any suspension due to lack of payment and allow FHKC an opportunity to correct the default prior to suspension of work.

7.1.6 Termination upon Revision of Applicable Law

FHKC and Vendor agree if federal or state revisions of any applicable laws or regulations restrict FHKC's ability to comply with the Contract, make such compliance impracticable, frustrate the purpose of the Contract or place the Contract in conflict with FHKC's ability to adhere to its statutory purpose, FHKC may unilaterally terminate this Contract. FHKC

shall send Vendor notice of termination and include a termination date of not less than thirty (30) calendar days from the date of notice.

7.1.7 Termination for Lack of Performance and Events of Default

This Contract is contingent upon the satisfactory continuous performance of Vendor. If Vendor fails to meet the deliverables described under this Contract in the time and manner prescribed; commits an Event of Default; or fails to adequately meet the terms of this Contract, FHKC may terminate this Contract, or any part herein, at its discretion. Such termination shall be effective on the date determined by FHKC and provided by written Notice to Vendor. Vendor shall not furnish any Services after the date of termination, except as necessary to complete the continued portion or cure any performance deficiencies of the Contract, if any, prior to termination.

Each of the following constitutes an Event of Default by Vendor:

- a.** Breach of a material obligation under this Contract;
- b.** The occurrence of any one or more of the following events:
 - i.** Vendor fails to pay any sum of money due under the Contract;
 - ii.** Vendor fails to provide any reports or other documents as required under the Contract;
 - iii.** Vendor employs an unauthorized alien in the performance of any Services;
 - iv.** Vendor fails to correct work that FHKC has rejected as unacceptable or unsuitable;
 - v.** Vendor discontinues the performance of Services;
 - vi.** As specified by FHKC, Vendor fails to resume discontinued Services;
 - vii.** Vendor abandons the project;
 - viii.** Vendor becomes insolvent or is declared bankrupt;
 - ix.** Vendor files for reorganization under the bankruptcy code;
 - x.** Vendor commits any act of bankruptcy or insolvency, either voluntarily or involuntarily;
 - xi.** Vendor fails to promptly pay any and all Financial Consequences or liquidated damages imposed by FHKC;
 - xii.** Vendor makes an assignment for the benefit of creditors without the approval of FHKC;
 - xiii.** Vendor made or has made a material misrepresentation or omission in any materials provided to FHKC;
 - xiv.** Vendor fails to procure and maintain the required insurance policies and coverages required by this Contract;
 - xv.** A change in Vendor's ownership, structure, or control occurs in violation of the Contract;
 - xvi.** Vendor utilizes a Subcontractor that has been placed on State of Florida's Convicted Vendors List in the performance of Services;
 - xvii.** Vendor is suspended or is removed for cause as an authorized Vendor by any state or federal agency;

- xviii. Vendor is convicted of a felony;
 - xix. Vendor refuses to allow FHKC access to all equipment, documents, papers, letters, or other material subject to the audit terms of this Contract;
 - xx. Vendor refuses to allow auditor or third-party monitoring advisors Access as required by the Contract;
 - xxi. Vendor permits Data to be Accessed from, maintained, transmitted to, or viewed from outside the continental U.S., except as otherwise allowed in this Contract;
 - xxii. Vendor engages a Subcontractor in violation of the Contract;
 - xxiii. For any other cause whatsoever that Vendor fails to perform in an acceptable manner as determined by FHKC, pay associated Financial Consequences, or pay liquidated damages;
 - xxiv. Failure to timely notify FHKC upon discovery of problems or issues impacting a system;
 - xxv. Failure to comply with the requirements of Section 9.12; or
 - xxvi. Any other occurrence designated as an Event of Default in the Contract.
- c. For any other reason identified elsewhere in the Contract as an Event of Default.

Waiver of the failure to perform satisfactorily or of breach of any provision of this Contract shall not be deemed to be a waiver of any other failure to perform or breach and shall not be construed to be a modification of the terms of this Contract.

7.2 Opportunity to Cure Event of Default

If Vendor has an Event of Default, FHKC shall provide Vendor Notice of the Event of Default and request that such default be cured (“Cure Notice”), except in those circumstances identified in this Contract for which the ability to cure is not available.

If Vendor fails to cure the specified Event of Default within 45 Calendar Days of receipt of the Cure Notice (or such other mutually agreed upon time) and the Parties have completed the dispute resolution process in Section 8 without resolution, then FHKC shall have the right to terminate the Contract for cause with Notice to Vendor. FHKC’s right to terminate this Contract shall automatically expire if Vendor has cured the Event of Default prior to Vendor’s receipt of the Termination Notice.

In the instance of a continuous performance default as set forth in Section 7.1.7, FHKC must provide a Cure Notice to Vendor within 120 Calendar Days after FHKC receives a performance standard report indicating continuous performance default. FHKC’s right to terminate the Contract under this provision shall be in addition to any other rights and remedies at law or in equity.

7.3 Consequences of Termination

Nothing in this Section shall preclude either Party from asserting any rights to seek damages incurred (including without limitation FHKC’s costs to replace the Services to the

extent those costs exceed what FHKC would have paid for the Services). The limitations of liability in Section 9.20 and all other provisions intended to survive termination shall continue in effect.

7.4 Suspension of Work

FHKC may, in its sole discretion, suspend any or all activities under the Contract, at any time, when in the best interests of FHKC to do so. FHKC shall provide Vendor Notice outlining the particulars of suspension. Examples of the reason for suspension include budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension Notice, Vendor shall comply with the Notice and shall not perform any Services that contravene the Notice. Within 90 Calendar Days, or any longer period agreed to by Vendor, FHKC shall (a) issue a Notice authorizing resumption of work, at which time activity shall resume, (b) terminate the Contract, or (c) extend the suspension period. In the event FHKC suspends any portion(s) of the Contract, the portions of the Contract that are not suspended shall continue, and Vendor's sole and exclusive remedy is the compensation set forth in Section 2.4, for any of the continued Services performed by Vendor. FHKC's payment shall be equitably reduced to exclude compensation for the suspended portion(s) of the Contract.

7.5 FHKC's Default

Upon material breach by FHKC, Vendor shall give FHKC Notice of the breach and request that such default be cured ("Cure Notice"). If FHKC fails to cure the specified breach within 45 Calendar Days of receipt of the Cure Notice (or such other mutually agreed upon time) and the Parties have completed the dispute resolution process in Section 8 without resolution, then Vendor may pursue compensation due for deliverables as provided in Section 3. Vendor shall not, however, discontinue or terminate providing Services. Vendor is not entitled to, and shall not seek, any compensation or damages other than the compensation provided for in Section 2.4. Vendor shall not be entitled to consequential damages, lost profits, lost business opportunity, or any damages.

7.6 Rights Cumulative, No Waiver

Except as otherwise expressly set forth in the Contract, the rights and remedies provided and available to FHKC and Vendor in this Contract are distinct, separate, and cumulative remedies, and no one of them, whether or not exercised by a Party, shall be deemed to be in exclusion of any other. The election of one remedy shall not be construed as a waiver of any other remedy or of any rights and remedies either Party may have in law or equity. FHKC, in its sole discretion, may waive, in whole or in part, any of Vendor's obligations under this Contract unless such waiver would result in unapproved noncompliance with any federal and/or state law, regulation, rule, or FHKC's contract with AHCA.

7.7 FHKC's Rights Upon Uncured Vendor Default

If Vendor commits an uncured Event of Default under this Contract, FHKC may perform or engage a third party to perform the uncured Services at the reasonable expense of Vendor. Vendor shall reimburse FHKC for all costs and expenses incurred, subject to the limitations

of liability contained herein, together with a rate of interest pursuant to section 55.03(1), Florida Statutes. The rate of interest shall be measured from the date Vendor receives Notice from FHKC that such payment is due until Vendor pays or credits such amount to FHKC, as determined by FHKC.

7.8 Right to Equitable Relief

In lieu of terminating the Contract upon the occurrence of an Event of Default, FHKC may institute legal proceedings to compel performance of any obligation required to be performed by Vendor hereunder including, where appropriate, actions for specific performance and injunctive relief. Vendor agrees that it does not have any right to equitable relief against FHKC and shall not attempt to institute any proceeding for equitable relief against FHKC.

7.9 Third-Party Satisfaction

In the event FHKC issues a termination Notice because of Vendor's Event of Default, Vendor shall satisfy all undisputed obligations to its Subcontractors and all other third parties before FHKC shall pay Vendor for Services rendered.

Section 8: Dispute Resolution

Any conflict or dispute between FHKC and Vendor relating to the Contract shall be resolved in accordance with the procedures specified in this Contract, which shall be the sole and exclusive procedures for the resolution of any such disputes prior to litigation. Negotiations and mediation as herein prescribed are conditions precedent to litigation; however, this Section shall not apply in the case of termination for convenience as provided in Section 7.1.3.

8.1 Informal Negotiations/Informal Resolution

Whenever FHKC and Vendor have a dispute related to the Contract, Vendor's account manager and FHKC's contract manager and/or their respective supervisors shall immediately attempt to resolve the dispute, subject to the approval of the authorized signatory of the Parties or their designees.

8.2 Informal Executive-Level Negotiations

If the dispute is not resolved pursuant to Section 8.1, Vendor and FHKC shall attempt in good faith to resolve any dispute promptly by negotiation between executives of FHKC and Vendor or their designees having authority to settle the dispute, and who are at a higher level of management than persons with direct responsibility for the administration of the Services at issue. Either Party may declare the informal negotiation process terminated by delivering Notice thereof to the other Party.

8.3 Mediation

Within five Business Days after delivery of the Notice declaring the informal negotiation process terminated, either Party may initiate a mediation proceeding by a request in writing. Mediation is a condition precedent to filing any action by either Party.

8.3.1 Mediation Procedure

All mediation proceedings shall be conducted in accordance with the Contract, the Florida Rules for Certified and Court-Appointed Mediators, and applicable Florida Statutes.

8.3.2 Selection of a Mediator

If FHKC and Vendor do not agree on the selection of a mediator within 10 Calendar Days of the request for mediation, then FHKC shall unilaterally select the mediator, who must be a Florida-certified Circuit Court mediator. Both Parties shall promptly cooperate with the appointed mediator to effectuate mediation.

8.3.3 Location of Mediation

Unless otherwise agreed in writing by FHKC and Vendor, mediation sessions shall occur in Tallahassee, Florida. Florida law shall apply to any such action, without giving effect to Florida's choice of law principles.

8.3.4 Mediation Period

Mediation pursuant to this Section shall be conducted over a period of 45 Calendar Days following the appointment of a mediator, unless otherwise agreed upon by the Parties. If the dispute cannot be resolved by the mediation deadline or by the end of any mutually agreed continuation thereof, FHKC, Vendor, or the mediator may give Notice declaring the mediation process terminated.

8.3.5 Obligation to Mediate

The Parties regard the obligation to mediate as an essential provision and one that is legally binding on each. Either Party may bring an action to enforce this obligation in the circuit court of Leon County, Florida.

8.3.6 Confidentiality

The Parties agree to maintain the confidentiality of the content of matters discussed during any mediation regarding disputes arising under this Contract, which shall be deemed as compromise and settlement negotiations.

8.4 Notice of Decision

If the procedures outlined above do not resolve the dispute, the dispute shall be decided by FHKC's Chief Executive Officer, who shall reduce the decision to writing and serve a copy to Vendor. The decision of FHKC's Chief Executive Officer shall be final and conclusive unless Vendor files an action in circuit court within 21 Calendar Days from the date of receipt of the FHKC's Chief Executive Officer's decision. Exhaustion of administrative remedies is an absolute condition precedent to Vendor's ability to pursue any action in circuit court.

8.5 Performance to Continue

Subject to the termination provisions specified in Section 7, each Party shall continue to perform its obligations under this Contract pending final resolution of any dispute arising out of this Contract.

Section 9: General Requirements

9.1 Independent Entities

In connection with this Contract, each Party is considered an independent entity and as such shall not have any authority to make any representation, warranty, or binding commitment on behalf of the other Party, except as expressly provided in this Contract or as otherwise agreed to in writing by the Parties. Nothing herein shall be deemed or construed to create a joint venture, partnership, or agency relationship between the Parties, any affiliate, employee, or agent of a Party for any purpose. Under no circumstance shall one Party's employees be construed to be employees of the other Party, nor shall one Party's employees be entitled to participate in the profit sharing, pension, or other plans established for the benefit of the other Party's employees. Neither Party shall be deemed a joint employer of the other's employees; each Party being responsible for any and all claims by its employees. Neither Party's employees shall be deemed "leased" employees of the other Party for any purpose. The agreements of the Parties set forth in this Contract are not intended for, nor shall they be for the benefit of or be enforceable by, any person not a Party.

9.2 Assignment

Vendor shall not sell, assign, or transfer any of its rights, duties, or obligations under this Contract without the prior written consent of FHKC. No change in Vendor's organization, if any, shall operate to release Vendor from its liability for the prompt and effective performance of its obligations under the Contract. All terms and provisions of this Contract shall be binding upon and inure to the benefit of the Parties hereto and their successors and assigns.

9.3 Bankruptcy

FHKC shall have the absolute right to terminate this Contract, at its sole discretion, in the event Vendor files a petition for bankruptcy or for approval of a plan of reorganization or arrangement under the Bankruptcy Act. Vendor shall give FHKC notice of the intent to petition for bankruptcy or reorganization or arrangement at the time of the filing and immediately provide a copy of such filing to FHKC. FHKC shall have thirty (30) calendar days to elect to terminate this Contract.

9.4 Confidentiality and Public Records

Vendor shall treat all information obtained through its performance under this Contract as confidential to the extent such information is protected under Florida and federal law. Vendor shall not use any information except as necessary for the proper discharge of the Services.

Vendor shall not use or disclose any PHI, PII, or Confidential Information obtained through its performance under this Contract, except as allowed under this Contract and Florida and federal laws, including HIPAA; sections 624.91 and 409.821, Florida Statutes; and chapter 119, Florida Statutes. Such information shall not be disclosed without the written consent of FHKC or the Customer(s), except as otherwise required under Florida or federal law.

This Section does not prohibit the disclosure of information in summary, statistical, or other de-identified forms.

The Parties agree to maintain the integrity of the other Party's Confidential Information to the extent provided under the law and this Contract. Neither Party shall disclose or allow others to disclose the other Party's Confidential Information except as provided by law or this Contract. Such Confidential Information includes security procedures, business operations information, or commercial proprietary information in the possession of FHKC. A Party shall not be required to keep Confidential Information or material that is publicly available through no fault of the other Party; information or material that a Party developed independently without relying on the other Party's Confidential Information; or information or material that is otherwise obtainable under State law as a public record. To ensure confidentiality, Vendor shall take appropriate steps as to the training of its employees and agents. This paragraph shall survive termination or expiration of the Contract.

9.4.1 Marked and Redacted Copies of Confidential Information

Records produced or used in relation to the performance of this Contract may be subject to chapter 119, Florida Statutes. If Vendor considers any portion of any documents, Data, or records submitted to FHKC to be Confidential Information, Vendor must (a) clearly mark "CONFIDENTIAL INFORMATION" on every page that contains Confidential Information and (b) simultaneously provide FHKC with a separate, redacted copy of the information it claims as exempt and briefly describe in writing the grounds for claiming exemption from the public records law, including the specific statutory citation for such exemption. This redacted copy shall contain the Contract name and number, shall be clearly titled, and include "Redacted Copy." The redacted copy should only redact those portions of material that Vendor claims are confidential, proprietary, trade secret, or otherwise not subject to disclosure. The following methods of redacting are not sufficient for designating information as Confidential Information:

- a.** Statements to the effect that the record "may" contain confidential, trade secret, proprietary, or exempt information;
- b.** Designations outside the body of the record such as in an electronic document title or in the body of an email providing the record; or
- c.** Placement or formatting that interferes with FHKC's ability to access the information such as using an opaque watermark.

Vendor is solely responsible for ensuring the adequacy and completeness of any redactions.

If Vendor fails to submit a redacted copy of information it claims is confidential, proprietary, trade secret, or otherwise not subject to disclosure, FHKC is authorized to produce the entire documents, Data, or records in response to a public records request or other lawful request for those records, without a cause of action by Vendor for such lawful disclosure.

Records in which the sole Confidential Information is PHI or PII are excluded from this redaction requirement.

9.4.2 Request for Confidential Information

In the event of a public records or other disclosure request pursuant to chapter 119, Florida Statutes, the Florida Constitution or other authority, to which documents marked as “Redacted Copy” are responsive, FHKC shall provide Vendor-redacted copies to the requester. If a requester asserts a right to the Confidential Information, FHKC shall notify Vendor such an assertion has been made. It is Vendor’s responsibility to assert that the Confidential Information is not subject to disclosure under chapter 119, Florida Statutes, or other applicable law. If FHKC becomes subject to a demand for discovery or disclosure under legal process regarding the Confidential Information, FHKC shall give Vendor prompt Notice of the demand prior to releasing the information (unless otherwise prohibited by applicable law). Vendor shall be responsible for defending its determination that the redacted portions of its records are confidential, proprietary, trade secret, or otherwise not subject to disclosure.

9.4.3 Indemnification

Vendor shall protect, defend, and indemnify FHKC for any and all claims arising from or relating to Vendor’s assertion that any materials or information is confidential, proprietary, trade secret, or otherwise not subject to disclosure.

9.4.4 Vendor as Agent

Vendor shall provide Notice to FHKC within three calendar days if Vendor believes that any federal, state, and/or local law, regulation, rule, ordinance, or other governmental restrictions have been imposed that require alteration of the material, quality, workmanship, or performance under the Contract. FHKC may, at its sole discretion, accept

any such alteration or cancel the Contract at no further expense to FHKC. AHCA, DCF, DOH, and FHKC retain sole responsibility for interpreting, establishing, and administering federal and state policies, rules, procedures, and directives. FHKC does not delegate any authority or discretion to Vendor in regard thereto.

If during that process (or at any other time), Vendor or any Subcontractor discovers that it is not in compliance with the Contract obligations, Vendor and Subcontractor shall immediately take corrective action. As part of the corrective action, Vendor and the Subcontractor shall, within three Business Days, or sooner if required elsewhere in the Contract, of discovering the noncompliance, notify FHKC of the particulars.

The Parties agree that failure to comply with this Section may constitute a material breach of the Contract and may be grounds for termination of this Contract.

9.17 Contract Overlap

By entering into the Contract, Vendor authorizes FHKC to eliminate duplication between the Contract and any other agreements in the manner FHKC deems to be in its best interest.

9.18 Forum and Venue

Without limiting the dispute resolution process set forth in Section 8, the exclusive forum and venue for any legal action that arises out of or relates to the Contract for which there is no administrative remedy shall be a state court of competent jurisdiction in Leon County, Florida, or, on appeal, the First District Court of Appeal. Except as otherwise set forth in this Contract, (a) neither FHKC nor Vendor shall be liable to the other Party or to any third party for any lost profits or any loss of business or any consequential, special losses, or damages of any kind; and (b) the sole and exclusive remedy of Vendor and FHKC for any claim, loss, or damages in any way related to, or arising out of, this Contract or any Services provided or anticipated to be provided shall be limited to such Party's actual, direct damages. 9.21 Indemnity

Vendor shall indemnify, defend, and hold harmless FHKC and FHKC's officers, directors, employees, and agents from and against any third-party claims, actions, suits, proceedings of any kind, demands, losses, liabilities, damages, costs, or expenses (including attorneys' fees and court costs) relating to the following:

- a. General Indemnity. Any act or omission caused or alleged to be caused by Vendor or its employees, principals, partners, agents, and/or Subcontractors, whether acting alone or in collusion with others, relating to or arising out of the performance of Vendor's obligations this Contract.

The obligations of this paragraph do not apply to the extent the claim or allegation of infringement results from (a) FHKC's misuse or modification of the Services or Work Product or (b) FHKC's failure to use corrections or enhancements to the Services or Work Product made available by Vendor or a Subcontractor.

If any Services are, or in Vendor's opinion likely to be, held to be infringing, Vendor shall at its expense and option either: (a) procure the right for FHKC to continue using it, (b) replace it, as approved by FHKC, with a non-infringing product or service equivalent in function and capabilities, or (c) modify it, as approved by FHKC, to make it non-infringing but equivalent in function and capabilities.

If an action, suit, or proceeding is initiated for which Vendor must defend or indemnify FHKC, FHKC will reasonably cooperate with Vendor's defense of such action, suit, or proceeding. Vendor may settle any claim, suit, or proceeding (at Vendor's sole expense) without FHKC's approval provided the settlement does not include any obligation and/or admission of FHKC.

To the extent FHKC seeks to enforce this Section, FHKC shall be entitled to attorneys' fees, including the fees for hiring outside counsel, and court costs.

This Section shall survive termination or expiration of the Contract.

9.22 Financial Consequences and Liquidated Damages

Vendor acknowledges the Financial Consequences specified in this Contract are solely for Vendor's failure to perform the minimum level of service required by the Contract.

Vendor may dispute or request a waiver of any Financial Consequences assessed by submitting such request in writing to FHKC's contract manager within five Business Days of receipt of the Financial Consequences assessment. Requests shall clearly identify the Financial Consequences being assessed, provide a narrative describing Vendor's reasoning for the dispute or waiver request, and include any supporting documentation. FHKC shall review and respond to the request in writing. FHKC's decision shall be the final determination.

FHKC may waive Financial Consequences, in whole or in part, for any reason in its sole discretion. The waiver of Financial Consequences in one instance does not provide Vendor any right or expectation to future waived Financial Consequences under the same or any other circumstances.

Vendor acknowledges the liquidated damages specified in this Contract. Vendor agrees that it shall not argue, and is estopped from arguing, that such costs are a penalty or otherwise unenforceable. FHKC may waive liquidated damages, in whole or in part, for any reason in its sole discretion. The waiver of liquidated damages in one instance does not provide Vendor any right or expectation to future waived liquidated damages under the same or any other circumstances.

In addition to any Financial Consequences or liquidated damages, FHKC shall be entitled to reimbursement of any assessment against FHKC by any state or federal agency due to Vendor's failure and any other remedies available under the Contract.

Vendor shall compensate FHKC in the manner specified by FHKC for any such Financial Consequences or liquidated damages.

9.23 Force Majeure and No Damages for Delay

FHKC shall not be responsible for delays or failure to perform its obligations under this Contract resulting from acts of God, wars, public enemies, strikes, fires, floods, or other similar cause beyond FHKC's control.

Vendor shall not be responsible for interruption or delay of Services resulting from its failure to perform if (a) neither the fault nor the negligence of Vendor or its employees contributed to the delay and (b) the delay is due directly to acts of God, wars, public enemies, strikes, fires, floods, or other similar cause wholly beyond Vendor's control.

For any such delay or potential delay by Vendor, Vendor must provide Notice to FHKC that describes the cause of the delay or potential delay within the following timeframe, whichever occurs first: (a) within five Calendar Days after the cause or event first arose that creates the delay; (b) within five Calendar Days after Vendor's knowledge of the cause or

event that shall create the delay, if Vendor could reasonably foresee that a delay could occur as a result; or (c) if delay is not reasonably foreseeable, within five Calendar Days after the date Vendor first had reason to believe that a delay could result.

If Vendor believes that any other delay or potential delay is attributable to an act or omission of FHKC, Vendor must provide Notice of the delay or potential delay to FHKC and describe the cause of the delay either (a) within five Calendar Days after the cause that creates or shall create the delay first arose, if Vendor could reasonably foresee that a delay could occur as a result, or (b) if delay is not reasonably foreseeable, within five Calendar Days after the date Vendor first had reason to believe that a delay could result.

Vendor's provision of Notice in accordance with this Section and Section 9.27 is a condition precedent to any remedy. Vendor shall not assert any claim for damages against FHKC arising from the delay events described above. Vendor's sole remedy for such delays shall be an extension of time, and Vendor shall not be entitled to an increase in the Contract price or payment of any kind from FHKC for direct, indirect, or consequential damages or expenses, impact costs, other costs, including costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any such delay event whatsoever.

If performance is suspended or delayed, in whole or in part, due to any of the causes described in this Section, after the causes have ceased to exist Vendor shall perform at no increased cost unless FHKC determines, in its sole discretion, that the delay shall significantly impair the value of the Contract to FHKC. In such an event, FHKC may (a) accept allocated performance from Vendor, provided that Vendor grants preferential treatment to FHKC with respect to Services subject to allocation, or (b) purchase from other sources (without recourse to and by Vendor for the related costs and expenses) to replace all or part of the Services that are the subject of the delay, which purchases may be deducted from the Contract value, or (c) terminate the Contract in whole or in part.

THE FOREGOING SHALL CONSTITUTE VENDOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAYS SET FORTH IN THIS SECTION.

9.24 Taxes

FHKC does not pay federal excise and sales taxes on direct purchases of tangible personal property. 3.1 Operation on Behalf of FHKC

The BA shall use and disclose Protected Health Information (“PHI”) only as shall be permitted by the Contract, this BAA, any other BAA(s) or as required by law. BA shall have the same duty to protect FHKC’s PHI as such term is defined in the Contract and/or under HIPAA, and in furtherance of the duties therein.

Attachment A: Business Associate Agreement

3.2 Compliance with the Privacy Rule

BA agrees to fully comply with the requirements under the Standards for Privacy of Individually Identifiable Health Information at 45 CFR Part 160 and Part 164, Subparts A and E ("Privacy Rule") applicable to "business associates," as that term is defined in the Privacy Rule, and not use or further disclose PHI other than as permitted or required by the Contract, this BAA, or as required by law.

BA shall create and/or adopt policies and procedures to periodically audit BA's adherence to all HIPAA regulations. BA acknowledges and promises to perform such audits pursuant to the terms and conditions set out herein. BA shall make such audit policies and procedures available to FHKC for review.

To the extent BA is to carry out one or more of FHKC's obligations under the Privacy Rule, BA agrees to comply with the requirements of the Privacy Rule that apply to FHKC in the performance of such obligations. Except as otherwise allowed in this BAA and under HIPAA, BA shall not directly or indirectly receive remuneration in exchange for any PHI of an Individual unless the Individual has provided a valid authorization compliant with HIPAA and state law.

3.3 Privacy Safeguards and Policies

BA agrees to use appropriate safeguards to prevent Use or Disclosure of PHI other than as provided for by the Contract, this BAA, or as required by law.

3.4 Mitigation of Harmful Effect of Violations

BA agrees to inform FHKC without unreasonable delay and mitigate, to the extent practicable, any harmful effect that is known to BA resulting from Access, acquisition, Use, or Disclosure of PHI by BA, or by a Sub-contractor or agent of BA, resulting from a violation of the requirements of this BAA.

3.5 Privacy Obligations regarding Breaches and Security Incidents

3.5.1 Privacy Breach

BA will report to FHKC, immediately following discovery and without unreasonable delay, any Access, acquisition, Use, or Disclosure of FHKC's PHI not permitted by HIPAA, the Contract, this BAA, or in writing by FHKC. In addition, BA will report, immediately following discovery and without unreasonable delay, but in no event later than five (5) Business Days following discovery, any Breach of Unsecured Protected Health Information, notwithstanding whether BA has made an internal risk assessment and determined that no notification is required. BA shall cooperate with FHKC in investigating the Breach and in meeting FHKC's obligations under HIPAA and any other security breach notification laws. In the event of a Breach, BA and FHKC will work together in good faith to comply with any required regulatory filings due to the Breach.

Attachment A: Business Associate Agreement

Any such report shall include the identification (if known) of each Individual whose Unsecured PHI has been, or is reasonably believed by BA to have been, Accessed, acquired, Used, or Disclosed during such Breach. BA will make the report to FHKC's Privacy Officer not more than five (5) Business Days after BA discovers such non-permitted Access, acquisition, Use, or Disclosure.

Regarding any items not known at the time of the initial report, BA will subsequently report to FHKC as answers are determined. All elements will be reported no later than thirty (30) days after the date of the initial report, or as soon as feasible, whichever is sooner.

BA shall track all Breaches and shall periodically report such Breaches in summary fashion as may be requested by FHKC, but not less than annually within sixty (60) days of each anniversary of this BAA.

3.5.2 Access of Individual to PHI and other Requests to Business Associate

If BA receives PHI from FHKC in a Designated Record Set, BA agrees to provide access to such PHI to FHKC in order for FHKC to meet its requirements under 45 CFR § 164.524. If BA receives a request from an Individual for a copy of the Individual's PHI, and the PHI is in the sole possession of the BA, BA will provide the requested copies to the Individual in compliance with 45 CFR § 164.524 and notify FHKC of such action within five (5) Business Days of completion of the request. If BA receives a request for PHI in the possession of FHKC or receives a request to exercise other individual rights as set forth in the Privacy Rule, BA shall promptly forward the request to FHKC within two (2) Business Days. BA shall then assist FHKC as necessary in responding to the request in a timely manner. If a BA provides copies of PHI to the Individual, it may charge a reasonable fee for hard copies as the regulations shall permit. If requested, BA shall provide electronic copies as required by law.

3.5.3 Recording of Designated Disclosures of PHI

BA agrees to maintain and make available information required to provide an accounting of disclosures to FHKC as necessary to satisfy FHKC's obligations under 45 CFR § 164.528. BA agrees to provide to FHKC, within fifteen (15) days and in a secure manner, information collected in accordance with this provision, to permit FHKC to respond to a request by an Individual for an accounting of disclosures of PHI in accordance with 45 CFR § 164.528 and applicable state law.

3.5.4 Requests to Make an Amendment to the PHI

BA agrees to make any amendments to PHI maintained by BA in a Designated Record Set as agreed to by FHKC pursuant to 45 CFR § 164.526 or take other measures as necessary to satisfy FHKC's obligations under 45 CFR § 164.526.

3.5.5 Security and Privacy Compliance Review upon Request

BA shall make its internal practices, books, and records relating to the Access, acquisition, Use, and Disclosure of PHI available to the HHS Secretary for purposes of determining

Attachment A: Business Associate Agreement

BA's compliance with HIPAA. Except to the extent prohibited by law, BA agrees to notify FHKC of all requests served upon BA for information or documentation by or on behalf of the HHS Secretary. BA shall provide to FHKC a copy of any PHI that BA provides to the HHS Secretary concurrently with providing such PHI to the HHS.

3.5.6 FHKC Inspection

Upon written request, BA agrees to make available to FHKC during normal business hours BA's internal practices, books, and records relating to the use and disclosure of PHI or Electronic Protected Health Information ("E PHI") received from, or created or received on behalf of, FHKC in a time and manner designated by FHKC for the purposes of FHKC determining compliance with the HIPAA Privacy and Security Requirements.

Section 4. Obligations and Activities of BA (Security Rule)

4.1 Compliance with Security Rule

BA shall ensure compliance with the HIPAA Security Standards for the Protection of E PHI, 45 C.F.R. Part 160 and Part 164, Subparts A and C (the "Security Rule"), with respect to E PHI covered by the Contract and this BAA. Further, at least once every three (3) years, BA shall conduct a risk analysis of the potential risks and vulnerabilities to the confidentiality, integrity, and availability of E PHI.

4.2 Security Safeguards and Policies

BA agrees to implement administrative, physical, and technical safeguards that reasonably and appropriately protect the confidentiality, integrity, and availability of the E PHI that it creates, receives, maintains, or transmits on behalf of FHKC as required by the Security Rule. The BA will maintain appropriate documentation of its compliance with the Security Rule. These safeguards include:

Annual training to relevant employees, contractors, and Sub-contractors on preventing improper Access, acquisition, Use, or Disclosure of PHI, updated as appropriate;
Adopting policies and procedures regarding the safeguarding of PHI, updated, and enforced as necessary; and, implementing appropriate technical and physical safeguards to protect PHI, including access controls, transmission security, workstation security, etc.

4.3 Security Provisions in Business Associate Contracts

In accordance with 45 CFR §§ 164.502(e)(1)(ii) and 164.308(b)(2), if applicable, BA shall ensure that any Sub-contractors that create, receive, maintain, or transmit PHI on behalf of BA agree in writing to the same restrictions and conditions that apply to BA with respect to such information.

4.4 Reporting Security Incidents and Breaches to FHKC

BA shall track all Security Incidents and shall periodically report such Security Incidents in summary fashion as may be requested by FHKC, but not less than annually within sixty (60)

Attachment A: Business Associate Agreement

days of each anniversary of this BAA. The BA shall reasonably use its own vulnerability assessment of damage potential and monitoring to define levels of Security Incidents and responses for BA's operations. Notwithstanding this obligation, both parties agree that this section constitutes notice by BA to FHKC of the ongoing existence and occurrence or attempts of Unsuccessful Security Incidents for which no additional notice to FHKC shall be required. "Unsuccessful Security Incidents" means, without limitation: pings and other broadcast attacks on its firewall; port scans; attempts to log on to a system or enter a database with an invalid password or username; denial-of-service attacks that do not result in a server being taken off-line; malware (e.g. worms, viruses) that is detected and neutralized by Adobe's anti-virus and other defensive software; and any combination of the foregoing, so long as no such incident results in unauthorized access, use or disclosure of PHI.

The BA shall promptly and, with every commercially reasonable effort within 15 hours of discovery, notify FHKC's Privacy Officer of any Security Incident, including any Breach of Security under section 501.171, Florida Statutes, in a preliminary report, with a full report of the incident within five (5) Business Days of the time it became aware of the incident. The BA shall likewise notify FHKC in a preliminary report within two (2) Business Days of any unauthorized Access or acquisition, including but not limited to internal User Access to non-test records reported to BA's privacy manager, and any Use, Disclosure, modification, or destruction of PHI by an employee or otherwise authorized User of its system of which it becomes aware with a full report of the incident within five (5) Business Days from the time it became aware of the incident.

BA shall identify in writing key contact persons for administration, Data processing, marketing, information systems and audit reporting within thirty (30) days of the execution of this BAA. BA shall notify FHKC of any reduction of in-house staff during the term of this BAA, in writing, within ten (10) Business Days.

When reporting any Security Incident or Breach, BA shall use the "Notification to FHKC of Security Incident or Breach of Protected Health Information" form attached hereto.

4.5 Unsecured Protected Health Information

For all Unsecured PHI maintained or transmitted by BA or BA's Sub-contractors, BA shall notify each Individual whose Unsecured PHI has been Accessed, acquired, Used, or Disclosed in a manner not permitted under the HIPAA Privacy Rule which compromises the security and privacy of the PHI, except when law enforcement requires a delay pursuant to 45 CFR § 164.412. If BA cannot identify the specific Individuals whose Unsecured PHI may have been Accessed, BA shall notify all persons whose Unsecured PHI reasonably may have been Accessed.

On behalf of FHKC, BA shall notify such Individuals without unreasonable delay, and in no case later than sixty (60) days after discovery of the Breach. The Notice required under HIPAA shall be made as follows:

Attachment A: Business Associate Agreement

By written Notice in plain language including, to the extent possible:

A brief description of what happened, including the date of the Breach and the date of the discovery of the Breach, if known;

A description of the types of Unsecured PHI involved in the Breach (including but not limited to items such as whether full name, social security number, date of birth, home address, Family Account number, diagnosis, disability code, or other types of information were involved);

Any steps Individuals should take to protect themselves from potential harm resulting from the Breach;

A brief description of what BA and FHKC are doing to investigate the Breach, to mitigate the harm to Individuals, and to protect against further Breaches; and

Contact procedures for Individuals to ask questions or learn additional information, which shall include a toll-free telephone number, an email address, website or postal address. BA must use a method of notification that meets the requirements of 45 CFR 164.404(d). Further, BA must provide Notice to the media when required under 45 CFR 164.406 and to HHS pursuant to 45 CFR 164.408.

BA also agrees to comply with any similar state laws, such as section 501.171, Florida Statutes, that govern breaches.

BA agrees to pay all costs of notification and any associated mitigation as a result of a Breach or breach of state law, including the provision of, at a minimum, two years of credit monitoring and identity theft protection for such affected Individuals. FHKC, in its sole discretion, shall determine if the Breach or breach of state law is significant enough to warrant such measures and the length of time such mitigation measures shall be offered to the affected Individuals.

In the event of the unpermitted Access, acquisition, Use, or Disclosure of Unsecured PHI, BA shall pay for and maintain a prompt mechanism on the existing toll-free telephone line, email link, and fully functioning web page to respond to any Enrollee's or Applicant's concerns about security, Breach, unauthorized Access, acquisition, Use, or Disclosure, or any credible allegations or suspicions of the above.

4.6 Additional Consumer Protections

For purposes of this paragraph, the terms and definitions set forth in section 501.171, Florida Statutes, govern over any other conflicting definitions specified in this BAA. BA understands that FHKC or its customers may be a Covered Entity (as may be BA) under the terms of section 501.171. The reporting requirements set forth in Section 4.4 of this BAA

Attachment A: Business Associate Agreement

apply to any Breach of Security. In the event of a Breach of Security, the BA shall indemnify and hold FHKC harmless for expenses and/or damages related to the Breach of Security. Such obligation shall include, but is not limited to, the mailed notification to a governmental agency and any individual in Florida whose Personal Information is reasonably believed to have been Accessed as a result of the Breach of Security. In the event that the BA discovers circumstances requiring notification of more than one thousand (1,000) persons at one time, BA shall also notify, without unreasonable delay, all consumer reporting agencies that compile and maintain files on consumers on a nationwide basis, as in the Fair Credit Reporting Act, 15 U.S.C. § 1681a(p), of the timing, distribution and content of the Notices. Substitute Notice, as specified in section 501.171(4)(f), Florida Statutes, shall not be permitted except as approved in writing in advance by FHKC. The Parties agree that PHI includes Data elements in addition to those included described as Personal Information under section 501.171 and agree that BA's responsibilities under this paragraph shall include all PHI or EPHI. BA agrees to pay all costs of any associated mitigation as a result of a Breach of Security, including the provision of, at a minimum, one (1) year of credit monitoring and identity theft protection for such affected individuals. FHKC, in its sole discretion, shall determine if the Breach of Security is significant enough to warrant such measures and the length of time such mitigation measures shall be offered to the affected individuals.

5. Electronic Transaction and Code Sets

To the extent that the services performed by BA pursuant to the BAA involve transactions that are subject to the HIPAA Standards for Electronic Transactions and Code Sets, 45 C.F.R. Parts 160 and 162, with respect to EPHI covered by the Contract and this BAA, BA shall conduct such transactions in conformance with such regulations as amended from time to time. Without limiting the generality of the foregoing, BA also agrees that it will, in accordance with 45 C.F.R. § 162.923(c), comply with all applicable requirements of 45 C.F.R. Part 162, and require any agent or Sub-contractor to comply with all applicable requirements of 45 C.F.R. Part 162.

6. Permitted Uses and Disclosures by BA – General Use and Disclosure Provisions

6.1 Use of PHI for Operations on Behalf of FHKC

BA shall conduct all activities in compliance with 45 CFR 164 Subpart C to ensure data security, including, but not limited to encryption of all information that is confidential under Florida or federal law, while in transmission and while resident on portable electronic media storage devices. Encryption is required and shall be consistent with Federal Information Processing Standards, and /or the National Institute of Standards and Technology publications regarding cryptographic standards.

Except as otherwise limited by this BAA, BA may Use or Disclose PHI to perform functions, activities, or services for, or on behalf of, FHKC as specified in the Contract and this BAA,

Attachment A: Business Associate Agreement

provided that such Use or Disclosure would not violate HIPAA if done by FHKC or other policies and procedures of FHKC. BA may Use or Disclose PHI as required by law. Except as otherwise provided in the Contract or this BAA, BA is prohibited from further using or disclosing any information received from FHKC, or from any other business associate of FHKC for any commercial purposes of the BA, including, by way of example, "Data mining."

BA shall only request, use and disclose the minimum amount of PHI necessary to accomplish the purposes of the request, use or disclosure.

6.2 No Offshoring

Except as may be expressly authorized in the Contract between FHKC and BA, BA and any of its Sub-contractors and agents are prohibited from (a) performing any services under the Contract or this BAA outside of the continental U.S.; (b) sending, transmitting, or maintaining PHI or Individually Identifiable Health Information outside of the continental U.S.; or (c) allowing PHI or Individually Identifiable Health Information to be Accessed from or maintained outside the continental United States.

7. Permitted Uses and Disclosures by BA – Specific Use and Disclosure Provisions

7.1 Proper Management and Administration of BA

BA may use PHI for the proper management and administration of BA or to carry out BA's responsibilities under the Contract and/or this BAA.

7.2 Third-Party Disclosure Confidentiality

Except as otherwise limited in the Contract or this BAA, BA may disclose PHI for the proper management and administration of the BA or to carry out the legal responsibilities of BA, provided that disclosures are required by law or, if permitted by law, this BAA, the Contract, and any Ancillary BAAs, provided that, if BA discloses any PHI to a third party for such a purpose, BA shall enter into a written BAA with such third party requiring the third party to: (a) maintain the confidentiality, integrity, and availability of PHI and not to use or further disclose such information except as required by law or for the purpose for which it was disclosed, and (b) notify BA of any instances in which it becomes aware in which the confidentiality, integrity, and/or availability of the PHI is breached in a preliminary report within two (2) Business Days with a full report of the incident within five (5) Business Days from the time it became aware of the incident.

7.3 Data Aggregation Services

Except as otherwise limited in this BAA, BA may use PHI to provide Data Aggregation Services to FHKC as permitted by 42 CFR § 164.504l(2)(i)(B).

8. Provisions for FHKC to Inform BA of Privacy Practices and Restrictions

Attachment A: Business Associate Agreement

8.1 Notice of Privacy Practices

FHKC shall provide BA with the Notice of Privacy Practices produced by FHKC or provided to FHKC as a result of FHKC's obligations with other organizations in accordance with 45 CFR § 164.520, as well as any changes to such Notice.

8.2 Notice of Changes in Individual's Access or PHI

FHKC shall provide BA with any changes in, or revocation of, permission by an Individual to use or disclose PHI, if such changes affect BA's permitted or required uses.

8.3 Notice of Restriction in Individual's Access or PHI

FHKC shall notify BA of any restriction to the use or disclosure of PHI that FHKC has agreed to in accordance with 45 CFR § 164.522, to the extent that such restriction may affect BA's use of PHI.

9. Term and Termination

9.1 Term

The term of this BAA is effective concurrent with the Contract and shall terminate upon completion of the Contract or as set forth in Section 9.2 BA's duties under this BAA cease once all of the PHI provided by FHKC to BA, or created or received by BA on behalf of FHKC, is destroyed or returned to FHKC; however, if it is not feasible to return or destroy PHI, the protections of this BAA shall be extended to such information until the information is destroyed.

9.2 Termination for Convenience

FHKC has the right to terminate this BAA for convenience upon 30 days' notice to BA. Notwithstanding the aforementioned, BA shall not be relieved of liability to FHKC for damages sustained by virtue of any breach of this BAA by BA.

9.3 Effect of Termination; Return of Protected Health Information

Upon termination of this BAA for any reason, except as provided in subsections below, BA shall, at its own expense, either return and/or destroy all PHI and other Individually Identifiable Health Information received from FHKC or created or received by BA on behalf of FHKC. This provision applies to all Individually Identifiable Health Information regardless of form, including but not limited to electronic or paper format. This provision shall also apply to PHI and other Individually Identifiable Health Information in the possession of Sub-contractors or agents of BA.

The BA shall consult with FHKC as necessary to assure an appropriate means of return and/or destruction of PHI and Individually Identifiable Health Information and shall notify FHKC in writing when such destruction is complete. If PHI or Individually Identifiable Health Information is to be returned, the Parties shall document when all information has been received by FHKC.

Attachment A: Business Associate Agreement

The BA shall notify FHKC whether it intends to return and/or destroy the PHI or Individually Identifiable Health Information with such additional detail as requested. In the event BA determines that returning or destroying the PHI and Individually Identifiable Health Information received by or created for FHKC at the end or other termination of this BAA is not feasible, BA shall provide to FHKC notification of the conditions that make return or destruction not feasible, and BA shall:

Retain only that PHI and Individually Identifiable Health Information that is necessary for BA to continue its proper management and administration or to carry out its legal responsibilities;

Return to FHKC (or, if agreed to by FHKC, destroy) the remaining PHI that the BA still maintains in any form;

Continue to use appropriate safeguards and comply with the Security Rule with respect to EPHI to prevent use or disclosure of the PHI and Individually Identifiable Health Information, other than as provided for in this section, for as long as BA retains the PHI;

Not use or disclose the PHI or Individually Identifiable Health Information retained by BA other than for the purposes for which such information was retained and subject to the same conditions set out under "Permitted Uses and Disclosures by BA – Specific Use and Disclosure Provisions" which applied prior to termination; and

Return to FHKC (or, if agreed to by FHKC, destroy) the PHI and Individually Identifiable Health Information retained by BA when it is no longer needed by BA for its proper management and administration or to carry out its legal responsibilities.

10. Miscellaneous

10.1 Breach of BAA

BA's failure to perform the obligations in this BAA shall be a breach of this BAA and/or the Contract and will entitle FHKC to recover any damages it incurs arising from a failure to perform the obligations in this BAA, including any actual out-of-pocket expenses incurred by FHKC to investigate and remediate the violation, reimbursement for any assessments against FHKC by AHCA due to BA's failure, and/or to pursue injunctive relief.

10.6 Survival

The respective rights and obligations of BA under “Term and Termination” of this BAA shall survive the termination of this BAA and the Contract.

10.7 Interpretation

Any ambiguity in this BAA or the Contract shall be resolved so as to permit FHKC to comply with HIPAA. Further, regarding any conflict between this BAA or the Contract, the stricter standard shall apply.

10.8 No Third-Party Rights/Independent Contractors

The Parties to this BAA do not intend to create any rights in any third party. The Parties agree that they are independent contractors and not agents of each other, except nothing herein affects whether BA is an “agent” for purposes of compliance with 42 CFR § 1001.952(d).

10.9 State Law

BA acknowledges and agrees that it has implemented and will maintain appropriate privacy and security measures to protect personal information consistent with state laws and regulations to the extent those state laws and regulations are applicable to the PHI. The confidentiality obligations hereunder are independent of and do not limit or otherwise affect the Parties’ other confidentiality obligations under this BAA.

John T. McDermott
Director of Research, Planning & Project Management
Florida Healthy Kids Corporation

Dear Mr. McDermott:

We are pleased to have this opportunity to present our credentials to provide internal audit and consulting services to Florida Healthy Kids Corporation (The Corporation). We understand the scope of services shall include internal audits, consulting services and other audit projects, related to the operations and financial management of the Corporation.

In this proposal, we describe our experience in serving similar organizations and key business reasons why the Corporation will benefit from selecting Law Redd CPAs & Advisors (Law Redd) as the best qualified firm. You can be assured that the engagement will command *immediate attention and priority service* from our engagement team. Highlights of our qualifications follow:

- Law Redd has been serving clients throughout Florida since 1978. With a total staff of nineteen, it is one of the largest firms in Tallahassee. The firm provides accounting, auditing, tax and consulting services to clients in a wide range of industries. *We have the resources to do the job effectively and efficiently. More importantly, we are committed to providing value beyond the basic services.*
- We have committed an experienced team of professionals to serve the Corporation. Our engagement team has extensive experience providing external and internal audit and consulting services to governmental and not-for-profit entities and for-profit companies, in a wide range of industries. *The experience we have gained serving similar organizations will enable us to provide the required services in the most effective manner.*
- We are currently engaged by Northwest Florida Water Management District, Suwannee River Water Management District, and the Corporation, to perform internal audit and inspector general services. We conduct our internal audits in accordance with generally accepted government auditing standards. The water management districts are required by Chapter 20.055, Florida Statutes to engage a Certified Inspector General (CIG) as part of the internal audit function. As such, we have contracted with a qualified CIG to comply with this requirement. Although the Corporation does not require the CIG element, we believe this arrangement enhances our resources and qualifications in performing our internal audit services.

- In order to adhere to the generally accepted government auditing standards, our internal audits have been subject to our triennial PEER Review, the report of which is attached. Also, since the internal audit function was new for the districts when we were first engaged, we drafted the internal audit charters for the related boards of directors' review and approval.
- Reliance on technology has various risks and we address those risks, not only in our internal audits but in every external financial and compliance audits we perform. We have a Certified Information Systems Auditor on staff with over 20 years of experience with all of the industries we serve, both large and small. We have the necessary capability and experience to serve the Corporation regarding information technology.
- We have included a list of clients classified by governmental and non-profit industries. We believe the wide range of services we have provided to such clients for over forty years clearly demonstrates the qualifications and experience of Law Redd to successfully serve the Corporation.

Law Redd has extensive experience providing professional services to organizations in a variety of industries including insurance companies, construction, manufacturing, financial services, not-for-profit and governmental entities. Audit Projects

Each project varies in scope, complexity, and the assignment of the best qualified staff to complete the project. For example, internal audit projects for the revenue cycle, payroll and HR activities, procurement, and travel are fairly routine for our audit staff and we can use staff auditors and senior staff auditors for the majority of the fieldwork. An IT or cybersecurity project would require higher level personnel such as our Certified Information Systems Auditor.

In estimating the time to complete an internal audit, our estimated fieldwork time is generally one half of the total time to complete a final report because of the time typically incurred to plan the engagement; schedule with management; follow-up on questions and findings; prepare a draft report; provide a draft report to management with an opportunity to clarify or respond with corrective action plans; and present reports to the Board. Depending on the complexity of the audit, we estimate audit cost range from \$ 10,000 to \$ 15,000 each.

AUDIT, REVIEW AND CONSULTING SERVICES IN THE IT ENVIRONMENT

Audits

Our external audits include assessments of IT controls to the extent necessary to support the assessment of audit risk in accordance with professional auditing standards. Our experience in this area includes IT auditing at governmental, nonprofit, insurance, health care, and manufacturing organizations. Accordingly, this has included assessing IT controls surrounding computer applications such as:

- Electronic medical records
- Medical billing to Medicaid and Insurance companies
- Insurance company underwriting, premiums, and claims systems
- Financial accounting and reporting
- Human resources and payroll
- Project management
- Licensing
- Procurement and Account Payable systems
- Accounts Receivable systems
- Property Management

The IT audits frequently involve analyzing Systems and Organization Controls (SOC) reports on external IT service organizations and, when applicable, making recommendations to client management for following up with service organization management on potentially relevant control testing exceptions disclosed in SOC reports.

Consulting

Law Redd has provided consulting services to clients for evaluating information security controls to maintain the confidentiality, integrity, and availability of data and IT resources. Example categories of security included in the scope of consulting services include:

- Security management framework and program
- Information classification and categorization
- Security risk assessments
- IT contract management
- Security awareness education and training
- Personnel screening
- Physical access and environmental controls
- Logical access controls
- Security incident detection and response
- Backup and recovery

Timeliness and efficiency are emphasized at all times. We realize that it is important to your organization that the services are delivered in a timely manner. Our record of meeting clients' required deadlines assures the Corporation of prompt service. Our staff will coordinate with key Corporation personnel regarding specific timelines for each task assigned and plan the work accordingly. Our staff will be available to attend meetings, conferences and periodic progress meetings upon request.

Thank you for considering our firm and we look forward to providing services to the Florida Healthy Kids Corporation. We trust you will find our responses to be complete; however, should you have any questions regarding this proposal or desire any supplemental information, please call Delia Finnerty at (850) 878-6189, as the authorized representative of Law Redd CPAs & Advisors.

 - Prior authorizations for which Insurer extended beyond the seven (7) Calendar Days as permitted by law are excluded from this measurement.
- For purposes of determining compliance with this PG and for determining any financial consequences, Insurer shall report the percentage of prior authorizations processed within seven (7) Calendar Days. Performance reported in any other manner, including the number of Calendar Days to process one hundred percent (100%) of prior authorizations is insufficient to meet the requirements of this PG.
